The impression from the teachers who had received assistance was that they hoped that this program could be continued because the program really helped them to make ends meet. Because currently Indonesia is trying to overcome the Covid-19 pandemic, most schools are closed. Because of this situation, teachers have difficulty getting their salary.

I Ernest Christ Sutantho as the executor of Rainbow Project Indonesia, would like to thank all the donors who have donated their funds for this project. Please allow me to carry out the second phase of this project. Thank you
